A MESSAGE FROM KRISTINA

Recently I have been receiving questions about employment opportunities for youth, new graduates, and tradespeople. I am pleased to share that our government is taking action to create a strong and resilient job market. Canada added 33,000 jobs for youth aged 15-24 in June 2026 alone.

I'm focused on delivering for our community, including nearly doubling the amount of Canada Summer Jobs (CSJ) positions in Georgetown and East Milton. The CSJ program ensures that youth have an opportunity to get a foot in the door of the job market, and often leads to meaningful, prosperous careers.

Over the coming months, I will be meeting with many of these young Canadians to hear about what they've learned, the skills they have built, and their visions for the future. I am looking forward to bringing their voices back to Ottawa.
